Peace Church Compliance Program

Friends Services for the Aging (FSA), along with the Brethren, Mennonite, and Quaker organizations involved in providing services to the elderly, have established a collaborative Compliance and Ethics Program known as the Peace Church Compliance Program (PCCP).

Dear TEAM MEMBERS:

We have a long tradition of providing healthcare services to older adults in a way that demonstrates Christian love and compassion. We strive to follow our faith-based heritage of ethical and moral decision making in the care we provide. This heritage enables us to share our values with the elders we serve.

The healthcare industry is constantly changing and being impacted by numerous laws and regulations. In our desire to establish a workplace that complies with these laws and regulations, we have developed a Compliance and Ethics Program that supports **LONDONDERRY VILLAGE TEAM MEMBERS** in making the right decisions. This document, called the Code of Conduct, represents the primary focus for our Compliance and Ethics Program. The Code of Conduct not only reflects our heritage and values but also serves as a bold statement that influences how we enhance an elder's quality of life.

The Compliance and Ethics Program and the Code of Conduct exist to guide our normal decisions that are both ethical and compliant with applicable laws, statutes, and regulations. Our Code of Conduct does not replace each person's obligation in making wise, fair, and honest decisions. It is intended to explain our personal and organizational responsibility and to reflect those areas in which improper or unwise decisions can harm our entire organization and impair our commitment to share Christian love and compassion to those we serve.

We value your contribution to the elders and appreciate your support in properly maintaining the most ethical workplace possible. We commend you for your commitment to honesty and integrity, which are also part of **LONDONDERRY VILLAGE'S** values. Each **TEAM MEMBER** is responsible for helping to protect our work environment and its compliance with laws and regulations. I thank you for your commitment and contribution to **LONDONDERRY VILLAGE'S** mission, values and, most importantly, to the elders we serve.

Sincerely,

Jeff Shireman

Londonderry Village

Scope of our Program

Our Compliance and Ethics Program Code of Conduct covers the compliance issues, laws and regulations, and guidelines that are relevant to a provider of senior services including Senior Living Communities that provide a wide range of healthcare services. This includes but is not limited to Medicare and Medicaid regulatory issues; guidelines from the Office of Inspector General, Internal Revenue Service, and the Office of Civil Rights of the Department of Health and Human Services, Occupational Safety and Health Administration; as well as other federal and state regulatory and business requirements. The program fosters a culture of compliance that promotes legal and ethical behavior in the workplace by creating processes that detect and prevent fraud, waste, abuse, and policy violations. **The Code of Conduct is supported by our compliance policies and procedures and should be read and understood jointly with those policies and procedures.**

We use the term Team Member to define the various individuals who are associated with **LONDONDERRY VILLAGE**. All individuals, including employees, contractors, volunteers, directors, and officers are members of our team in providing care and services to the elders we serve. We use the term Elder to refer to individuals who receive the various types of healthcare and other services that we provide.

Any questions regarding the policies in this Code of Conduct, compliance policies, or related references, should be directed to your immediate supervisor, the Compliance Official, a member of the Compliance Committee, or the Compliance Officer.

LONDONDERRY VILLAGE is a Continuing Care Retirement Community licensed under the laws of Pennsylvania to provide the following services:

Londonderry Village Code of Conduct

Introduction

The Code of Conduct is the foundation of the Compliance and Ethics Program. The Code of Conduct is a guide to appropriate workplace behavior; it will help you make the right decisions if you are not sure how to respond to a situation. All TEAM MEMBERS must comply with both the spirit and the letter of all federal, state, and local laws and regulations that apply to the healthcare and other services that our organization provides, as well as all laws that apply to our business dealings. Violations of these laws and regulations can result in severe penalties for us and the individuals we work with including financial penalties, exclusion from participation in government programs, and, in some cases, imprisonment.

As TEAM MEMBERS, we share a commitment to legal, ethical, and professional conduct in everything that we do. We support these commitments in our work each day, whether we care for elders, order supplies, prepare meals, keep records, pay invoices, or make decisions about the future of our organization.

The success of LONDONDERRY VILLAGE as a provider of healthcare and other services depends on you, your personal and professional integrity, your responsibility to act in good faith, and your obligation to do the right things for the right reasons.

The Compliance and Ethics Program provides principles and standards to guide you in meeting your legal, ethical, and professional responsibilities. As a TEAM MEMBER, you are responsible for supporting the Compliance and Ethics Program in every aspect of your workplace behavior. Your continued working relationship with our organization includes understanding and adhering to the Compliance and Ethics Program.

The Code of Conduct discusses the importance of:

Care Excellence: Providing quality, compassionate, respectful, and clinically appropriate care.

Professional Excellence: Maintaining ethical standards of healthcare and business practices.

Regulatory Excellence: Complying with federal and state laws, regulations, and guidelines that govern healthcare, housing services, and other services we provide.

A Shared Responsibility

Because we are in the business of caring for and providing services for others, it is critical that each of us adheres to appropriate standards of behavior. As individuals and as an organization, we are responsible to many different groups. We must act ethically and responsibly in our relations with:

- Elders and their families;
- Colleagues and co-workers;
- Volunteers and affiliated colleagues;
- Healthcare payers, including the federal and state governments;
- Regulators, surveyors, and monitoring agencies;
- Physicians, Nurse Practitioners, Physician Assistants;
- Vendors and contractors;
- Business associates; and
- The communities we serve.

Any compromise in our standards could harm the Elders, our co-workers, and our organization. Like every organization that provides healthcare, we do business under very strict regulations and close governmental oversight. Fraud, waste, and abuse are serious issues. Sometimes even an innocent mistake can have significant consequences that could result in substantial penalties to LONDONDERRY VILLAGE.

All TEAM MEMBERS are required to complete training on the Code of Conduct and the Compliance and Ethics Program as a condition of employment or business relationship. The Code of Conduct sets forth mandatory standards.

*There is no justification for departing from the Code of Conduct
no matter what the situation may be.*

Every TEAM MEMBER is responsible for ensuring that s/he complies with the Code of Conduct and all policies and procedures. Any TEAM MEMBER who violates any of these standards and/or policies and procedures is subject to disciplinary action up to and including termination of employment.

A Personal Obligation

As we are each responsible for following the Code of Conduct in our daily work, we are also responsible for enforcing it. This means that you have a duty to report any problems you observe or perceive, regardless of your role.

As a TEAM MEMBER, you must help ensure that you are doing everything practical to comply with applicable laws. If you observe or suspect a situation that you believe may be unethical,

illegal, unprofessional, or wrong, or you have a clinical, ethical, or financial concern, you must report it. You are expected to satisfy this duty by complying with the **Reporting Compliance Concerns Process**. If you fail to report noncompliance with the Code of Conduct, policies and procedures, or applicable federal or state laws, you will be subject to discipline up to and including termination of employment.

We have a zero tolerance for retaliation. No one may retaliate against a team member who reports a concern in good faith.

Reporting Compliance Concerns

First, talk to your supervisor. S/he is most familiar with the laws, regulations, and policies that relate to your work.

Second, if you do not want to talk to your supervisor, seek out another member of the leadership team or someone from human resources.

Third, if you still have a concern, contact the Compliance Official, a member of the organization's Compliance Committee, or the Compliance Officer.

Compliance Line

The Compliance Line is available 24 hours a day, 7 days a week, for callers to report compliance-related issues. The Compliance Line is toll-free. Concerns that are reported to the Compliance Line are taken seriously.

You can make calls to the Compliance Line without fear of reprisal, retaliation, or punishment for your actions. Anyone, including a supervisor who retaliates against a TEAM MEMBER for contacting the Compliance Line or reporting a compliance issue in any other manner, will be disciplined.

You can call the Compliance Line at 800-211-2713. All calls are confidential and you may call *ANONYMOUSLY* if you choose.

Care Excellence

Our most important job is providing quality care to the elders we serve. This means offering compassionate support to our elders and working toward the best possible outcomes while following all applicable rules and regulations including the Medicare Conditions of Participation.

Elder (Resident) Rights

Elders receiving healthcare and other services have clearly defined rights. A document describing these rights is provided to each elder upon admission and is posted in conspicuous locations throughout the organization for the elders' and your reference. To honor these rights, we must:

- Make no distinction in the admission, transfer, or discharge of an elder, or in the care we provide on the basis of race, gender, age, religion, national origin, disability, color, marital status, veteran status, medical condition, genetic information, or other protected class status, insurance, or financial status;
- Treat all elders in a manner that preserves their dignity, autonomy, self-esteem, and civil rights;
- Protect every elder from physical, emotional, verbal, or sexual abuse or neglect;
- Protect all aspects of elder privacy and confidentiality;
- Respect elders' personal property and money and protect it from loss, theft, improper use, and damage;
- Respect the right of elders and/or their legal representatives to be informed of and participate in decisions about their care and treatment;
- Respect the right of elders and/or their legal representatives to access their medical records as required by the Health Information Portability and Accountability Act (HIPAA);
- Recognize that elders have the right to consent to or refuse care and the right to be informed of the medical consequences of such refusal;
- Protect elders' rights to be free from physical and chemical restraints; and
- Respect the elders' right to self-determination and autonomy.

Abuse and Neglect

We will not tolerate any type of elder abuse or neglect – physical, mental/emotional, verbal, financial, or sexual. Elders must be protected from abuse and neglect by TEAM MEMBERS, family members, legal guardians, friends, or any other person. This standard applies to all elders at all times.

Federal law defines abuse as the willful infliction of injury, unreasonable confinement, intimidation, or punishment with resulting physical harm, pain, or mental anguish. This presumes that instances of abuse of all elders, even those in a coma, cause physical harm, or pain or mental anguish. Neglect means failure to provide goods and services necessary to avoid physical harm, mental anguish, or mental illness. The failure to follow an elder's care plan may constitute abuse.

The State of Pennsylvania defines abuse as:

ABUSE—The willful infliction of injury, unreasonable confinement, intimidation or punishment with resulting physical harm or pain or mental anguish, or deprivation by an individual, including a caretaker, of goods or services that are necessary to attain or maintain physical, mental and psychosocial well-being. This presumes that instances of abuse of all residents, even those in a coma, cause physical harm, or pain or mental anguish. The term includes the following:

1. **Verbal abuse**--Any use of oral, written or gestured language that includes disparaging and derogatory terms to residents or their families, or within their hearing distance, to describe a resident(s) regardless of their age, ability to comprehend or disability. Examples of verbal abuse include but are not limited to:
 - (a) Threats of harm.
 - (b) Saying thing to frighten a resident, such as telling a resident that the resident will never be able to see his family again.
2. **Physical abuse**--Includes but not limited to: hitting, slapping, pinching and kicking, etc.; it also includes controlling behavior through corporal punishment (any kind of punishment of or inflicted on the body)
3. **Sexual abuse**—Includes, but is not limited to, sexual harassment, sexual coercion or sexual assault.
4. **Involuntary seclusion**--Separation of a resident from other residents or from his room or confinement to his room (with/without roommates) against the resident's will, or the will of the resident's legal representative. Temporary monitored separation from others will not be considered involuntary seclusion and may be permitted if used for a limited period of time as a therapeutic intervention until professional staff can develop a plan of care to meet the resident's needs.

5. **Mental abuse**—Includes, but is not limited to, resident humiliation, intimidation, threatening demeanor, harassment, threats of punishment or deprivation, or denial of food or privileges, and abuse that is facilitated or caused by staff taking or using photographs or recordings in any manner that would demean, humiliate, and/or dehumanize a resident(s).

Staff members, consultants, contractors, volunteers, and other caregivers who provide care and services to residents on behalf of the Village are expressly prohibited from taking or using photographs or recordings of residents without explicit written consent from the resident and/or her/his Agent under their Power of Attorney, and the President of LV. This consent will include explicit written authorization to share, keep, or disseminate photographs and/or recordings via any type of text, email, image sharing, or social media platform. At no time may photographs or recordings be taken or used in any manner which would demean, humiliate, or dehumanize a resident(s).

6. **Misappropriation of Resident Property** —An act or course of conduct by a caretaker or other person against an older adult or an older adult's resources without the informed consent of the older adult or with consent obtained through misrepresentation, coercion or threats of force that results in monetary, personal or other benefit, gain or profit for the perpetrator or monetary or personal loss to the older adult. Misappropriation of resident property means the deliberate misplacement or wrongful (temporary or permanent) use of a resident's belongings or funds without the resident's consent.
7. **Neglect**—Refers to the willful failure through inattentiveness, carelessness, or omission to provide timely, consistent, safe, adequate and appropriate services, treatment and care, including but not limited to, nutrition, medication, therapies and activities of daily living. The absence of reasonable accommodations of individual needs and preferences may result in resident neglect. Neglect may be active or passive.

Any TEAM MEMBER who abuses or neglects an elder is subject to termination of employment. In addition, legal or criminal action may be taken.

Actual and/or suspected abuse and/or neglect Must Be Reported Immediately to the nurse of the unit where the resident lives.

Elder Justice Act

The Elder Justice Act requires timely reports of any reasonable suspicion of a crime against an elder (resident) of a long term care facility. You must report your reasonable **suspicion to the PA Department of Health and local law enforcement within two (2) hours** if the suspected crime involves serious bodily injury or within 24 hours if the suspected crime does not involve serious bodily injury.

DO NOT call the Compliance Line for allegations of abuse or neglect.

Elder Confidentiality/HIPAA

All TEAM MEMBERS must use and disclose medical, financial, or personal information only in a manner consistent with the HIPAA Privacy policies and procedures and state and federal law. You are responsible for keeping elder protected health information (PHI) confidential. PHI is defined as individually identifiable health information that is transmitted or maintained in any form or medium, including electronic health information.

Any unauthorized exposure of PHI which compromises the security or privacy of information is a potential breach.

If you become aware of a breach of any protected or sensitive information it is important that you report it immediately to your supervisor or the Privacy Officer. If the disclosure results in a breach, LONDONDERRY VILLAGE must investigate and comply with all state and federal HIPAA regulations for breach notification.

Elder Property

TEAM MEMBERS must respect elders' personal property and protect it from loss, theft, damage, or misuse. TEAM MEMBERS who have direct access to elder funds (e.g., resident trust funds) must maintain accurate records and accounts.

As a CCRC, our primary commitment is to provide the care, services, and resources necessary to help each elder reach or maintain her/his highest possible level of physical, mental, and psychosocial well-being. - Ensuring that services and products are reasonable in terms of frequency, amount, and duration;

- Measuring clinical outcomes and elder satisfaction to confirm that quality of care goals are met;
- Providing accurate and timely clinical and financial documentation and record keeping;

- Reviewing elder care policies and procedures and clinical protocols to ensure that they meet current standards of practice; and
- Monitoring and improving clinical outcomes through a Quality Assurance Performance Improvement (QAPI) Committee with established benchmarks.

Medical Services

We are committed to providing comprehensive, medically necessary services for the elders we serve. The Medical Director provides oversight to physicians and other medical providers and services as defined by state and federal regulations. The Medical Director oversees the care and treatment policies and is actively involved in the Quality Assurance Performance Improvement (QAPI) Committee.

Professional Excellence

The professional, responsible, and ethical behavior of every TEAM MEMBER reflects on the reputation of our organization and the services we provide. Whether you work directly with the elders or in other areas that support elder services, you are expected to maintain our standards of honesty, integrity, and professional excellence, every day.

Hiring and Employment Practices

LONDONDERRY VILLAGE is committed to fair employment practices. When hiring and evaluating, we:

- Comply with federal, state, and local Equal Employment Opportunity laws, hiring the best qualified individuals regardless of race, color, age, religion, national origin, genetic information, or disability. All promotions, transfers, compensation plans, and disciplinary actions also follow this policy.
- Conduct employment screenings to protect the integrity of our workforce and welfare of the elders and TEAM MEMBERS.
- Require all who need licenses or certifications to maintain their credentials in compliance with state and federal laws. Documentation of licenses or certifications must be provided.

Employee Screening

Employees are screened in accordance with federal and state law to ensure the safety of the elders we serve. Screening procedures have been implemented and are conducted prior to hire and at a minimum of quarterly thereafter.

LONDONDERRY VILLAGE is prohibited by federal law from employing, retaining, or contracting with anyone who is excluded from any federal or state funded programs. Screening of all **TEAM MEMBERS** through the Office of Inspector General's List of Excluded Individuals and Entities, GSA's System of Award Management, and the Pennsylvania Medicaid Excluded Provider List database is conducted prior to hire and at a minimum of quarterly thereafter.

As long as you are employed or affiliated with **LONDONDERRY VILLAGE**, you must immediately report to your supervisor:

- If you are arrested or indicted for a criminal offense;
- If you are convicted of an offense that would preclude employment in a healthcare facility;
- If action has been taken against your license or certification; or
- If you are excluded from participation in a federal or state healthcare program.

Licensure and/or Certification Verification

We are committed to ensuring that only qualified professionals provide care and services to the elders. Practitioners and other professionals treating elders must abide by all applicable licensing, credentialing and certification requirements. In addition, every effort is made to validate licenses and certification through the appropriate state or federal agency.

Employee Relations

To maintain an ethical, comfortable work environment, staff must:

- Refrain from any form of sexual harassment or violence in the workplace;
- Treat all colleagues and co-workers with equal respect, regardless of their national origin, race, color, religion, age, gender identity, genetic information, or disability;

- Not supervise or be supervised by an individual with whom they have a close personal relationship; and
- Behave professionally and use respectful communication at all times.

Workplace Safety

Maintaining a safe workplace is critical to the well-being of the elders, visitors, and co-workers. Policies and procedures have been developed describing the organization's safety requirements. Every TEAM MEMBER should become familiar with safety regulations and emergency plans regarding fire and disaster in her/his work area.

In addition to organizational policies, we must abide by all environmental laws and regulations. You are expected to follow organizational safety guidelines and to take personal responsibility for helping to maintain a secure work environment. If you notice a safety hazard, you must take action to correct it if you can or to report it to your supervisor immediately.

Drug and Alcohol Abuse

We are committed to maintaining a team dedicated and capable of providing quality elder services. To that end, you are prohibited from consuming any substance that impairs your ability to provide quality services or otherwise perform your duties.

You may never use, sell, or bring on our property alcohol, illegal drugs, and/or narcotics or report to work under the influence of alcohol, illegal drugs, and/or narcotics. For a TEAM MEMBER who appears to have work performance problems related to drug or alcohol use, a drug and alcohol screening will be conducted and appropriate action will be taken, if necessary.

Illegal, improper, or unauthorized use of any controlled substance that is intended for an elder is prohibited. If you become aware of any improper diversion of drugs or medical supplies, you must immediately report the incident to your department supervisor, the Compliance Official, the Compliance Officer, or use the Compliance Line. Failure to report a known instance of noncompliance with this policy may result in disciplinary action against the TEAM MEMBER, up to and including termination of employment.

Organizational Relations

Professional excellence in organizational relations includes:

- Complying with federal tax law to maintain tax exempt status under section 501(c)(3) of the Internal Revenue Code;
- Maintaining company privacy and keeping proprietary information confidential;
- Avoiding outside activities or interests that conflict with responsibilities to **LONDONDERRY VILLAGE** and reporting such activity or interest prior to and during employment;
- Allowing only designated management staff to report to the public or media; and
- Requiring that **LONDONDERRY VILLAGE** complies with the licensing and certification laws that apply to its business.

Gifts

You may not accept any tip or gratuity from elders and/or their family members, you may not receive individual gifts from elders and/or their family members, and you may not accept cash or cash equivalent gifts from elders and/or their family members.

You may accept perishable or consumable gifts given to a department or group and you may accept a gift of minimal value if given to a department or group.

You may not borrow money from nor lend money to elders; nor may you engage with elders in the purchase or sale of any item. No TEAM MEMBER may accept any gift from an elder under a will or trust instrument except in those cases where they are related by blood or marriage.

TEAM MEMBERS may not serve as an elder's executor, trustee, administrator, or guardian or provide financial services or act under a power of attorney for an elder except in those cases where they are related by blood or marriage unless otherwise allowed by state law.

Business Courtesies

LONDONDERRY VILLAGE prohibits any TEAM MEMBER from offering, giving, soliciting, or accepting business or professional courtesies including entertainment and

gifts that could be interpreted as attempts to influence decision making. Under no circumstances will a TEAM MEMBER solicit or accept business courtesies, entertainment or gifts that depart from the Business Courtesies and Gifts policy.

Conflict of Interest

A conflict of interest exists any time your loyalty to the organization is, or even appears to be, compromised by a personal interest. There are many types of conflict of interest and these guidelines cannot anticipate them all, however the following provide some examples:

- Financial involvement with vendors or others that would cause you to put their financial interests ahead of ours;
- TEAM MEMBER/Officer participation in public affairs, corporate or community directorships, or public office;
- An immediate family member who works for a vendor or contractor doing business with the organization and who is in a position to influence your decisions affecting the work of the organization;
- Participating in transactions that put your personal interests ahead of **LONDONDERRY VILLAGE** or cause loss or embarrassment to the organization;
- Taking a job outside of **LONDONDERRY VILLAGE** that overlaps with your normal working hours or interferes with your job performance; or
- Working for **LONDONDERRY VILLAGE** and another vendor that provides goods or services at the same time.

All TEAM MEMBERS must seek guidance and approval from our CEO or Compliance Official before pursuing any business or personal activity that may constitute a conflict of interest.

Use of Property

We must protect the assets of the organization and ensure their authorized and efficient use. Theft, carelessness, and waste have a direct impact on the organization's viability. All assets must be used solely for legitimate business purposes.

Everyone must make sure that they:

- Only use property for the organization's business, not personal use;
- Exercise good judgment and care when using supplies, equipment, vehicles, and other property; and
- Respect copyright and intellectual property laws; or
- If unable to assess the copyright or intellectual property laws, never copy material and/ or download software.

Computers /Internet

TEAM MEMBERS are expected to use computers, email, and internet/intranet systems appropriately and according to the established policy and procedure. You are not permitted to use the Internet for improper or unlawful activity or download any games or music without prior approval.

Internet use is tracked and how you use your time on the Internet may be monitored. You should have no expectation of privacy when you use our computers, email, and internet/intranet system. Our organization has the right to sanction or discipline employees who violate the Code of Conduct in a digital, cyber, or other non-face-to-face environment. You should be familiar with our Social Media policy and abide by it.

Vendor Relationships

We take responsibility for being a good client and dealing with vendors honestly and ethically. We are committed to fair competition among prospective vendors and contractors for our business. Arrangements between **LONDONDERRY VILLAGE** and its vendors must always be approved by management. Certain business arrangements must be detailed in writing, and approved by management. Agreements with contractors and vendors who receive elder (resident) information, with the exception of care providers, will require a Business Associate Agreement (BAA) with the organization as defined by HIPAA. Contractors and vendors who provide elder (resident) care, reimbursement, or other services to elder (resident) beneficiaries of federal and/ or state healthcare programs are subject to the Code of Conduct and must:

- Maintain defined standards for the products and services they provide to us and the elders;
- Comply with all policies and procedures as well as the laws and regulations that apply to their business or profession;
- Maintain all applicable licenses and certifications and provide evidence of sanction screening, current workers compensation, and liability insurance as applicable; and
- Require that their employees comply with the Code of Conduct and the Compliance and Ethics Program and related training as appropriate.

Marketing and Advertising

We use marketing and advertising activities to educate the public, increase awareness of our services, and recruit new TEAM MEMBERS. These materials and announcements, whether verbal, printed, or electronic, will present only truthful, informative, non-deceptive information.

Regulatory Excellence

Because we are in healthcare, we must follow the many federal, state, and local laws that govern our business. Keeping up with the most current rules and regulations is a big job – and an important one. We are all responsible for learning and staying current with the federal, state, and local laws, rules, and regulations, as well as the policies and procedures that apply to our job responsibilities.

Billing and Business Practices

We are committed to operating with honesty and integrity. Therefore, all TEAM MEMBERS must ensure that all statements, submissions, and other communications with elders, prospective elders, the government, suppliers, and other third parties are truthful, accurate, and complete.

We are committed to ethical, honest billing practices and expect you to be vigilant in maintaining these standards at all times. We will not tolerate any false or inaccurate coding or billing. Any TEAM MEMBER who knowingly submits a false claim, or provides information that may contribute to submitting a false claim such as falsified clinical documentation, to any payer – public or private – is subject to termination of employment. In addition, legal or criminal action may be taken.

Prohibited practices include, but are not limited to:

- Billing for services or items that were not provided or costs that were not incurred;
- Duplicate billing - billing for items or services more than once;
- Billing for items or services that were not medically necessary;
- Assigning an inaccurate code or elder (resident) status to increase reimbursement;
- Providing false or misleading information about an elder's condition or eligibility;
- Failing to identify and refund credit balances;
- Submitting bills without supporting documentation;
- Soliciting, offering, receiving, or paying a kickback, bribe, rebate, or any other remuneration in exchange for referrals; and/or
- Untimely entries into medical records.

If you observe or suspect that false claims are being submitted or have knowledge of a prohibited practice, you must immediately report the situation to a supervisor, the Compliance Official, the Compliance Officer, or call the Compliance Hotline. Failure to report a known prohibited practice will subject you to disciplinary action up to and including termination of employment.

Referrals and Kickbacks

TEAM MEMBERS and related entities often have close associations with local healthcare providers and other referral sources. To demonstrate ethical business practices, we must make sure that all relationships with these professionals are open, honest, and legal.

Elder (Resident) referrals are accepted based solely on clinical needs and our ability to provide the services. **LONDONDERRY VILLAGE** never solicits, accepts offers, or gives anything of value in exchange for elder referrals or in exchange for purchasing or ordering any good or service for which payment is made by a federal health care program. Anything of value includes any item or service of value including cash, goods, supplies, gifts, improper discounts or bribes.

Accepting kickbacks is against our policies and procedures and also against the law. A kickback is anything of value that is received in exchange for a business decision such as an elder referral. To assure adherence to ethical standards in our business relationships, you must:

- Verify all business arrangements with physicians or other healthcare providers or vendors in a written document; and
- Comply with all state and federal regulations when arranging referrals to physician-owned businesses or other healthcare providers.

You cannot request, accept, offer, or give any item or service that is intended to influence – or even appears to influence – the referral, solicitation, or provision of healthcare service paid for by any private or commercial healthcare payer or federal or state healthcare program, including Medicare and Medicaid, or other providers.

Inducements to Prospective Elders

You may not provide anything of value including goods, services, or money to prospective elders or any beneficiary of a federal or state healthcare program that you know or should know will likely influence that person's selection of a provider of healthcare services.

For the purposes of this policy, anything of value includes but is not limited to any waiver of payment, gift, or free service that exceeds a value of \$10 per item or \$50 annually in total. If you have a question about whether a particular gift or service would be considered "of value," ask your supervisor or the Compliance Official.

Copyright Laws

Most print and electronic materials are protected by copyright laws. **TEAM MEMBERS** are expected to respect these laws and not reproduce electronic print or printed material without obtaining permission as required by the writer or publisher. When in doubt, ask your supervisor.

Financial Practices and Controls

Ensuring that financial and operating information is current and accurate is an important means of protecting assets. Each one of us must make sure that all information provided to bookkeepers, accountants, reimbursement staff, internal and external auditors, and compliance staff is accurate and complete. This includes ensuring the accuracy of clinical documentation which supports our reimbursement. We must also comply with federal and state regulations when maintaining clinical records, accounting records and financial statements, and cooperate fully with internal and external audits.

Fair Dealing

All TEAM MEMBERS must deal fairly with elders, suppliers, competitors, and one other. No TEAM MEMBER, manager, or director shall take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts, or any other unfair dealing practice.

Document Creation, Use and Maintenance

Every TEAM MEMBER is responsible for the integrity and accuracy of documents, records, and e-mails including, but not limited to, elder medical records, billing records, and financial records. No information in any record or document may ever be falsified or altered.

You must not disclose, internally or externally, either directly or indirectly, confidential information except on a **need to know** basis and in the performance of your duties. Disclosure of confidential information externally must follow organization policies.

Upon termination of employment, you must promptly return all confidential information, medical and/or business, to the organization. Examples of confidential business information include potential or threatened litigation, litigation strategy, purchases or sales of substantial assets, business plans, marketing strategies, organizational plans, financial management, training materials, fee schedules, department performance metrics, and administrative policies.

Voluntary Disclosure

It is our policy to voluntarily report known overpayments and any improper/irregular conduct, including fraudulent conduct, which affects any federal or state healthcare program. Reporting will be completed within the time frames identified under the Patient Protection and Affordable Care Act.

Government Investigations

LONDONDERRY VILLAGE is committed to cooperating with requests from any governmental inquiry, audit, or investigation. You are encouraged to cooperate with such requests, conscious of the fact that you have the following rights:

- You have the right to speak or decline to speak;
- You have the right to speak to an attorney before deciding to be interviewed; and
- You can insist that an attorney be present if you agree to be interviewed.

In complying with our policy you must not:

- Lie or make false or misleading statements to any government investigator or inspector;
- Destroy or alter any records or documents;
- Attempt to persuade another TEAM MEMBER or any person to give false or misleading information to a government investigator or inspector; or
- Be uncooperative with a government investigation.

If you receive a subpoena or other written or oral request for information from the government or a court, contact your supervisor, the Compliance Official, or the Compliance Officer before responding.

Disciplinary Action

Disciplinary action will be taken against anyone who fails to act in accordance with this Code of Conduct, the Compliance and Ethics Program, supporting policies and procedures, and applicable federal and state laws. Disciplinary action may be warranted in regard to violations of the Compliance and Ethics Program and to those who fail to detect violations or who fail to respond appropriately to a violation, whatever their role in the organization. When taking disciplinary action against a TEAM MEMBER, we will utilize standard disciplinary processes which may lead to the termination of business relationships and agreements. The Compliance Officer may recommend corrective or disciplinary action against a TEAM MEMBER through the Compliance Official and President/CEO and may also monitor appropriate implementation of the disciplinary process. We will discipline anyone who engages in prohibited retaliatory conduct.

Compliance Questions

The laws applicable to our operations are numerous and complicated. When you are not sure whether a particular activity or practice violates the law or the Compliance and Ethics Program, you should not guess the correct answer. Instead, you should immediately seek guidance from

your department supervisor or the Compliance Official. You will not be penalized for asking compliance-related questions. In fact, we are intent on creating a culture in which you should feel comfortable asking questions to ensure you understand the duties that are imposed upon you under this Code of Conduct, the Compliance and Ethics Program, and other applicable federal and state laws.

Conclusion
