OUR ORGANIZATION

Londonderry Village (formerly known as the Lebanon Valley Brethren Home) is a continuing care retirement community nestled in the farmlands of Lebanon County, Pennsylvania. Registered as a not for profit charitable organization, we provide independent living housing, personal care, dementia care and skilled nursing care in a traditional environment as well as our GreenHouse® homes. Londonderry Village is a community where seniors have fun, stay fit, remain socially active, and receive the supportive services they need, when they need them.

OUR MISSION

An outreach ministry of the Church of the Brethren, (is) committed to providing independent living housing, high-quality health care, and supportive services for elderly persons in an attitude of love and servanthood.

AN OVERVIEW OF LONONDERRY VILLAGE

Groundbreaking for Londonderry Village facility took place on August 19, 1977 and the first resident began moving in on February 21, 1979. From the beginning, the Directors of Londonderry Village placed a priority upon providing benevolent care and upon maintaining the standards of excellence reflected in the Mission and Values.

Throughout our history, we have been guided by some basic principles related to our elders. At the core is the provision of services to elderly persons in the “attitude of love and servanthood” expressed within our mission statement. With this comes a commitment to being “a caring community”, providing high quality health care and offering “benevolent care” to those in need. Finally, Londonderry Village is also committed to “setting standards of excellence” in everything we do. Our mission is more than just providing health care and a place to live. It is also about the quality of that living, adding life to years, which is extremely important. Our ministry is also about changing lives for the better and empowering elders to lead active lives.

Situated on 150 acres of land, with room to grow, Londonderry Village is a vibrant and active senior living community. Our mission has been steadfast since its incorporation in 1979, but our community and services continue to grow by leaps and bounds. On any given day, you can feel the buzz of activity created by residents, staff members, volunteers and many more family member and friends.

We are reminded of our roots by the original white barn (of the Grubb family farm), which still stands tall at the southern edge of our campus. To the north is a sea of duplexes, cottages and apartments that provide comfortable homes for nearly 500 independent living residents. Farther to the north is the Snell Community Center with a convenience store, fitness center, pool, theatre room, hair salon and a variety of other amenities. North campus also includes Personal Care as well as the Leffler Health Care Center and our Green Houses that provide skilled nursing care services for those in need. To both the north and south are open fields that represent our future growth, including our new Fox Run neighborhood.

We are most thankful for where we have come from, where we are, and where our future will take us. We sincerely thank you for supporting our care, services, mission and ministry. We also thank you for giving us the opportunity to share our village with you!

THE PROMISE OF THE GOOD SAMARITAN FUND FOR BENEVOLENT CARE

Londonderry Village's Good Samaritan fund is a benevolent fund established by the Londonderry Village Board of Directors to help cover the cost of Skilled Care or Personal Care for residents who can no longer afford to pay all of their own expenses.

Those helped through the fund have been good stewards throughout their lives. Most have raised families, held down responsible jobs, served their country and their churches, volunteered, and shared what they had with others. They could not have predicted their longevity, health conditions, or the current economic climate.

In 2000, Londonderry Village benevolent care losses covered by the Fund were a little over \$400,000. Today these losses are in excess of \$2,000,000 per year.

The rapid widening of this gap can be attributed to several factors, including increased costs, lack of government reimbursements and the rise in life expectancy. The cost of providing basic care to residents is impacted by employee wages and health insurance, as well as resident food, housing, utilities and prescription medications. People are living longer healthier lives, but when they do get sick, they are requiring increasingly more expensive therapies. Medicare and Medicaid, the government programs designed to help indigent and elderly individuals, do not cover the entire costs of providing quality resident care for their beneficiaries. Medicare only pays, at most, for 100 days of nursing care. Medicaid does not pay the entire costs of care for those in skilled nursing, and pays *nothing* for residents in Personal Care or Independent Living. We must make up the difference. Since the founding of Londonderry Village in 1979, no resident has been asked to leave their home because they were not able to pay.

The mission and ministry of Londonderry Village is to provide an exceptional place to live and quality health care when needed. Residents have peace of mind knowing that help is close at hand and that the Good Samaritan Fund is there to assist them should they outlive their personal financial resources. We are grateful to the many caring donors who make the Good Samaritan Fund possible.

"I CARE"

As part of this year's Summer BBQ Bash event, we invite you to be a blessing to another by making a direct contribution in support to our benevolent care. By making an **"I Care" donation to our Good Samaritan Fund** your generosity will make an immediate and direct impact to an elder in need.

"I Care" donations can be made via our event website or mailed to us.

Please look for this special "I Care" giving opportunity throughout our event.

We are incredibly heartened by the many friends who support us as we carry out our ministry and mission. On behalf of all of us at Londonderry Village, thank you for being a part of our **caring community!**
